

Our Preschool News

AUGUST

From the Teacher

Welcome Blue Room Huckleberries to an exciting new semester! We have so many fun things in our classroom to discover. I want to thank all of our families for entrusting Mx. Witz and I to take care of your little ones. It is important to us that our students know that when they are in school, that they are safe, happy, and healthy.

As we start our semester, I will be sending home some fun activities and recourses for you. I encourage you to try them out!

Look What We Are Learning!

Throughout August and September, we will be focusing on getting to know each other better and understanding our classroom routine. While doing so, we will be doing some fun activities including painting, playing, reading, and exploring the different aspects of our school.

If you have any questions, please feel free to either message me through our MyTS Family app, email, or even in person.

Reminders

No outside, food, drinks, or toys please

Important Dates

8/23 First day of school
